

Cola[®] Cor 600

DESCRIPTION

Cola[®] Cor 600 is an aerosol corrosion inhibitor/emulsifier blend specifically formulated for NO VOC CONTENT products.

Cola[®] Cor 600 is a blend of alkanolamides that is ideal for use in aerosol formulations and also makes stable, creamy liquid emulsions.

Cola[®] Cor is especially useful in preventing corrosion in water-based aerosols and forms a stable water-in-oil emulsion that is perfect for formulating low VOC products.

Cola[®] Cor is compatible with many emulsifiers which may be added to reach desired viscosity or to enhance long-term stability.
